How to play Bullseye

Draw a bulls-eye on the ground in chalk and label each ring with a point value. See who can score the most points with 5 sponge bomb throws.

How to play Hot Potato

Play some music while everyone stands in a (socially distant) circle and throw a sponge bomb from one person to the next. Randomly stop the music, and whoever is holding the sponge bomb or was the last to touch it is out. Last person standing wins!
